SUMMARY

Software Engineer specializing in Functional and Object Oriented Programming and Scalable Backend Architecture using **Elixir** and **Phoenix Framework**. Experienced in designing robust REST APIs, managing complex database operations with **PostgreSQL** and **Ecto**, and implementing automated workflows for large-scale EdTech platforms. Dedicated to building high-performance, fault-tolerant, and concurrent distributed systems in agile environments.

TECHNICAL SKILLS

- **Languages & Frameworks:** Elixir, Java, Phoenix Framework, Spring Boot.
- **Database Management:** PostgreSQL, MySQL, Ecto ORM.
- **Core Concepts:** Backend Architecture, RESTful API Design, Concurrency Models (OTP), OOAD, OOP.
- **Tools & Version Control:** Git, GitHub, Postman, Star UML.

PROFESSIONAL EXPERIENCE

Software Engineer - Aug 2025 – Present

Ardhika Software Technologies, Chennai

Project 1: Helpdesk Ticketing System

- **System Architecture:** Architected the core backend infrastructure for a Helpdesk system managing admission and fee queries within the Sastra ecosystem.
- **Complex Business Logic:** Engineered automated ticket assignment algorithms and implemented strict SLA time-calculation logic for deadline management.
- **Real-time Communication:** Developed robust backend logic for unread chat tracking and instant status updates using Phoenix Channels.
- **Data Aggregation:** Designed Ecto aggregation queries to power real-time analytics dashboards tracking ticket volumes and agent metrics.

Project 2: Sastra Online Learning Platform (LMS)

- **API Development:** Designed secure, high-performance REST APIs for core LMS modules including student enrollment, video streaming, and online exams.
- **Database Optimization:** Structured complex PostgreSQL and Ecto database schemas to ensure data integrity and optimize retrieval during high-traffic exams.
- **System Scalability:** Leveraged Elixir's OTP concurrency model to efficiently handle simultaneous student connections across the learning platform.

EDUCATION

Master of Computer Applications (MCA)

2023 – 2025

SRM Institute of Science and Technology

CGPA: 9.40

B.Sc. Computer Science

2020 – 2023

GTN Arts and Science College

CGPA: 8.50
